**Transportation Insurance Notice:** ( \_\_\_\_\_ .)

## **Elements of Risk Notice**

The risk of injury exists in every athletic activity. Falls, collisions and other incidents may occur and cause injury. Due to the nature of some activities, injuries may range from minor sprains and strains to more serious injuries affecting the head (**Concussions**), neck or back. Some injuries can lead to paralysis or prove to be life-threatening. Injuries as a result of participation in an activity can occur without fault on either the part of the student, or the school board and its employees or agents, or the facility where the activity is taking place. The following is a sampling of activities that have the potential for more serious consequences: alpine skiing, snowboarding, broomball, cheerleading (acrobatic), field hockey, gymnastics, ice hockey, ringette (ice), swimming, and wrestling. A student choosing to participate in the activity assumes the risk of an injury occurring. The chances of an injury can be reduced by carefully following instructions at all times while engaged in the activity. The Northwest Catholic District School Board attempts to manage, as effectively as possible, the risk involved for students while participating in school athletics.
