

CONTINUATION OF LEARNING - TECHNOLOGY SUPPORTS

Resource / Link	Description	K	1-3	4-6	7-8
<u>Set up Google Classroom</u>	How to set up Google Classroom at home as well as different ways to use Google Classroom to teach.				
<u>How to give students access to stream in Google Classroom</u>	If you would like to have two way communication with our parents or students we can open up Stream				
<u>Teachers Lesson Planning Ideas</u>	This link will give you a few different ways to present distance activities to families/students.				
<u>Access to Your P drive</u>	Need access to your P DRIVE? check out this doc.				
<u>Parent Resources for students during school closure</u>	This is a resource that has items to share with parents for their children. They are probably many of the items you are already using. I have district level supports on them.				
<u>Common Sense Media</u>	This resource is from Common Sense Media. It is for parents. Take a look, maybe you might like to share it with your parents.				

<u>Teachers New to Seesaw</u>	Teachers who have not used Seesaw before this might help you out.				
<u>Seesaw for parents</u>	Information for parents regarding Seesaw and how to access the Learning from Home format. It is different in that parents are going in as students. Once you give them the code. Teachers below is a link that explains to you how to get what you need to share with parents. Info for Teachers
